Hanz Danilo Gallego Lara

Full stack Developer

I am a problem solver and active learner with experience in software development, and passionate about electronic engineering. Creativity, resilience, and commitment are the key to success rather than just having technical skills which are quickly learned and used to be overrated.

PROFESSIONAL EXPERIENCE

From 14/02/2022
To Present
(Medellin, Colombia)

● **PEAKU**
Full stack developer
Tasks performed:
I'm in charge of supporting, improving, and adding features to the project using Django and Vue.js as main frameworks. The biggest challenge I achieved was developing a complete flow of recommendations for
● recruiters or entrepreneurs to find the candidate that best suits their needs and the company's.
